1. Introduction

1.1 Proposal

This document specifies the SWEN90007 project's data samples for the teaching team to test NüRoom Hotel Booking System.

1.2 Target Users

This document is mainly intended for SWEN90007 teaching team.

1.3 Conventions, terms and abbreviations

This section explains the concept of some important terms that will be used throughout this document. These terms are detailed alphabetically in the following table.

Term	Description
User	A person who makes use of the web platform
Password	A secret string of characters that allows access to a service

2. Actors

Actor	Description
Customer	A person who makes use of the Hotel Booking System and acquires services
Administrator	A person who manages the Hotel Booking System
Hotelier	A person who manages hotel(s)

3. Data Samples

For further references on how to use the app, please follow the steps in the [ReadMe](#) and [ChangeLog](#) file.

The **table 01** shows a summary of the URL to access the NüRoom Hotel Booking System:

Table 01: Frontend and Backend URL

Web Application	Component	URL
NüRoom	Front End deployment	https://nuroom-zhongyib-unimelbedu.vercel.app/
	Back End deployment	https://nuroom-qa.herokuapp.com/

The **table 02** shows a summary of the required credential to access the NüRoom Hotel Booking System:

Table 02: Credentials

URL	User Role	Username	Password
https://nuroom-zhongyib-unimelbedu.vercel.app/	Customer	ibasrewan@student.unimelb.edu.au	Password2
	Hotelier	zhongyib@student.unimelb.edu.au	P@ssword2
	Administrator	xiaguo2@student.unimelb.edu.au	P@ssword2
